Group lessons are for YOU!

I am launching a drive to increase my group lessons. There are THREE GREAT REASONS to switch to a group lesson:

- Since I began teaching group lessons, it's become clear that this is the BEST way for students to learn. The group provides mutual support, and students acquire **BAND SKILLS** that are at the heart of why most people want to learn electric guitar. **EVERY GROUP STUDENT HAS RE-BOOKED** (unless unable to).
- Practices with a **FULL BAND** guaranteed every term (drums, bass, vocals & guitar)
- Thirdly, group lessons are **CHEAPER** than one-to-ones. **PLUS**, as an extra incentive, I'm offering a further recession-busting **30% DISCOUNT** for your first half-term.

SATISFACTION GUARANTEED:

Any current student who switches to a group lesson for the discounted half-term and decides it's **NOT** for them is **GUARANTEED** a return to their one-to-one time slot if they so wish.

I'll be giving out sign-up forms soon with full information on the courses on offer. Any questions please get in touch.
