Goodall Guitar School

Group Lessons

Information pack

Group lessons provide mutual support, and students acquire **BAND SKILLS** that are at the heart of why most people want to learn electric guitar. Practices with a full band are guaranteed every term (drums, bass, vocals & guitar).

There are currently four courses on offer:

Beginners Course

An entry level course covering basic chords, bar chords and an introduction to both power chords and soloing. By the end of this course you will be able to play several hit songs using simple strum patterns and will have taken your first steps in soloing.

Improvers Group

Building on the basics covered in the beginners course, you will learn more advanced strum patterns and picking and work through an exciting range of new songs. Band skills and performing with other musicians will be practiced regularly. As you work your way through this level you will be able to play more of your favourite songs while developing greater speed and accuracy.

Pre Advanced Course

This course is run as needed, for those who have advanced enough in the Improvers Group. It provides a vital bridge to the Advanced Group, covering the necessary elements such as the caged system.

Advanced Group

Continuing to improve on all your skills so far you will now learn more advanced songs and look at some of the theory behind how these songs are constructed. For entry into this group you will need to have a basic understanding of the caged system, 5 positions of the pentatonic scales (major and minor), Spider Exercise at 4 notes per click, and roughly 2-3 years playing experience.

Times and Fees (per term) See separate sheet for term dates

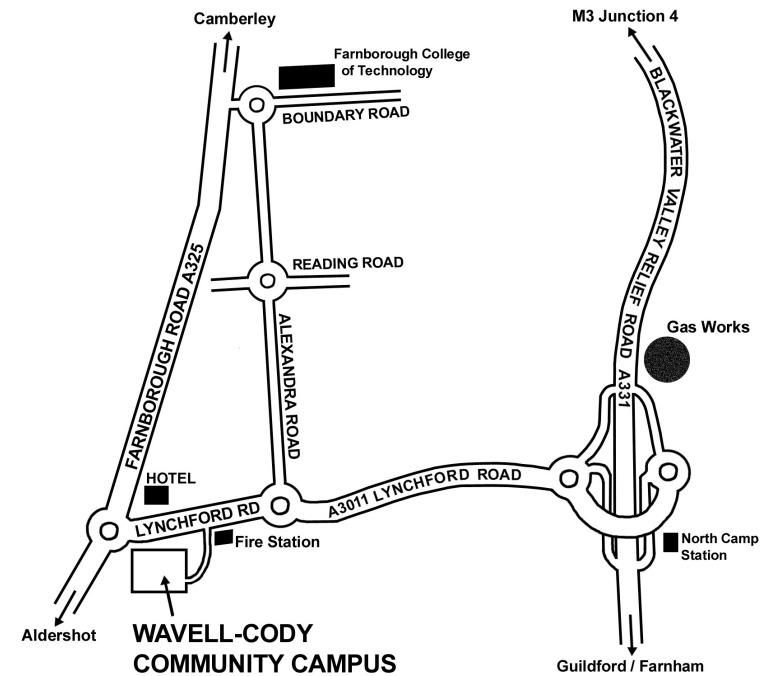

Beginners Course	Sat	1.00 – 2.00pm	12 wks	£168 *
Improvers Group	Sat	12.00 – 1.00pm	12 wks	£168 *
